with quick-change system

**DEBURRING SHEET MATERIAL?
CHOOSE FOR
COMBINED
CUP BRUSHES**

These cup brushes can be mounted on wet and dry sanding deburring machines, on adjustable angle grinders and on flexible shafts.

**COMBINED
CUP BRUSHES
APPLICATIONS**

- Deburring of lasered sheet material
- Removal of oxidation discoloration
- Applying a grinding structure

M14

\emptyset	attachment	width	grit	code	color	max RPM
115	M14	50	60	CKM/60/11550	brown	2.200
115	M14	50	80	CKM/80/11550	brown	2.200
115	M14	50	120	CKM/120/11550	brown	2.200
115	M14	50	80	CKM/80/11550/S	green	2.200
115	M14	50	80	CKM/80/11550/P	gold	2.200

**WITH CENTER HOLE**

\emptyset	center hole	width	grit	code	color	max RPM	code holder
155	\emptyset 25	50	80	CKA/80/15050	brown	1.800	MHD15

Bear in mind that the sides of the work piece can be rounded off when using these brushes. Choose a finer grit to minimise rounding.
